1. This Office action is in response to the amendment filed 4/19/06. Claims 1 and 2 have been canceled. Claims 3-9, 11, and 14 have been amended. Claims 15-18 have been added.

2. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

3. Claims 3-18 are allowed.

4. The following is an examiner's statement of reasons for allowance:

The previously objected subject matter has been rewritten in independent form, rendering the claims allowable. It is not enough to merely state an antenna is "transported", as this has several different methods and results. However, the specific apparatus or method as to HOW the antenna is transported is considered unobvious, such as the two vertical supports, the monorail system, and the crane having a mast and gripper wherein the antenna is located on the mast or gripper.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
